**COURSE LENGTH: 1.0 DAYS**

This Microsoft Word training course is designed for those users who wish to improve their current knowledge of Word and take advantage of the more complex features. You will be able to divide a document into sections and columns, to format tables and populate them with data directly from Excel spreadsheets. You will also learn how to add recurrent data to documents in a series such as page numbers and headers.

This training course is designed for easy and effective learning by basic users to empower them to use Word 2016 effectively and efficiently.

We use secure Video Conferencing with interactive features such as live polling, screen sharing, whiteboards, live chat and breakout sessions. Please discuss your preferred platform, most commonly we use Microsoft Teams, Skype for Business, Webex or Zoom upon request.

These courses are facilitated in English, and are open to people from different industries across the USA, Australia, New Zealand, Singapore, Malaysia and Hong Kong - this is a short but powerful learning experience that gives you global collaboration opportunities. Our trainers and processes have been refined to give you a personalised learning experience.

\*\*Please note, these classes run to a very tight schedule, please follow the invitation and join the class 10-minutes prior to commencement so you are ready to participate and don't miss a minute!
