Microsoft Publisher 2010 is one of the Office 2010 suite’s programs that provides you the ability to effortlessly generate business publications – business cards, invitations, menus, newsletters and much more! By utilizing its advanced features, you will make each publication more appealing and effective.

This Publisher 2010 Advanced training course running in Singapore wide, builds on the skills and concepts taught in Publisher 2010: Introduction. Participants will learn how to control colors and gradients, create and apply styles, work with WordArt objects, and apply section page numbers and bookmarks. They will also learn how to create and manage mail merge lists, edit web forms and elements, and maintain and publish Web sites created in previous editions of Publisher. Finally, participants will learn to customize the Ribbon and Quick Access toolbar.

Prerequisites:

Publisher 2010: Introduction or equivalent experience.
