### FOREWORD

Do you sell your products or services via a telesales team in a call centre and want to improve their performance? Concepts like up selling and cross-selling are not inherent in most individuals, but these skills can be learned and implemented with practice.

A well-trained Call Centre is the heart of any operation. Call Centre employees who possess skill and professionalism, who know how to handle a great variety of situations, will be an asset to any organisation. By presenting these attributes, call centre staff will also personally benefit in terms of salaries and performance bonuses. Call Centre training will allow the employee to enter their work area with confidence knowing they are equipped to answer questions and overcome objections and ultimately close the deal.
