What You'll Gain:

High performance teams require a team leader who is aware of the various tools needed when bringing together a group of energetic but differing types of personalities. Effective team leaders use a variety of techniques and skills for building high performance teams. Success as a manager heavily depends on how well a team operates and what kind of results it achieves. Is your team able to solve problems? Can they resolve conflict? Are they enthusiastic and motivated to do their best? Do they work well together?

This training course in building high performance teams provides managers help in developing their team leadership skills and unleash the talent of each individual team member.
