[REQUEST QUOTE](#)

1.0 DAY COURSE

PD Training is proud to release the latest in our Signature Series of courses with the Time Management for the Modern Individual training course. With over one year's development and testing, we believe this is the most effective time management course we have ever delivered!

Participants will learn how to use a range of modern tools including mobile devices, mobile apps, online counters and timers to help with managing your time and being more efficient during the workday. Other skills include prioritizing goals, conducting a personal "time audit", overcoming procrastination, automating Outlook to be more efficient and much more.

We have incorporated a range of professional systems and practices to help participants take advantage of the most recent and effective time management skills. Participants will also discover how their personality type can impact their personal time management.

Click the "Group Training Quote" button for a free quote for your internal team training or click the "Register Now" button to view our national public schedule.

## What You'll Gain:

Time Management plays an important role in business and mostly in personal development. It helps individual how to manage their time effectively and efficiently.

In Time Management for the Modern Individual training course participants will learn different strategies to utilize their time, setting a goal, categorize priorities and learn how to avoid common mistakes in time management such as failing to manage distraction, failing to keep a To-Do list and much more.
